

# acorn hunt

autumn

Squirrels and jays are just two of the woodland animals that store food ready for the winter. They need to have a good memory to find them again! Could you survive as a squirrel?

Collect 5-10 acorns from the woodland floor, from beneath an oak tree. Find a good place to store or bury them.

Go off for a walk, then come back and see if you can find them!

Why not really test yourself and store the acorns on one visit to the woodland, then look for them the next time you come!
